

OPEN YOUR EYES  
TO SEA EXCELLENCE

# THE NEW C430

# SEALINE C430

enjoy the  
**LIGHT**

feel the  
**SPACE**

combine functionality with  
**DESIGN**

All Sealine models are born of the same values: They feature wide interior spaces, an amazing quantity of natural light and outstanding design with German engineering inside. As for these trademarks, the C430 displays the true spirit of Sealine.

# DYNAMIC DRIVING AT ITS MOST ELEGANT

## EXCEPTIONAL DRIVING FUN

The Sealine C430 smoothly cuts through the waves. Her V-line keel provides excellent seaworthiness. The largest engines achieve speeds of up to 33 knots.

## OPEN-AIR COCKPIT GRILL

Cooking is a pleasure – even while on your holidays. Thanks to the open-air barbecue, situated at the cockpit, you don't have to take a single step away from the blue seas.

## LARGE BATHING PLATFORM

Celebrate life on the water in full comfort. The bathing platform features hydraulics for easy lowering, and the steps automatically extend.

## UNLIMITED PANORAMIC VIEW

Take in the spanning view of the water and coast. The floor-to-ceiling windows are the largest of their class and enable you to enjoy the sunshine to the fullest.

## TWO ROOFS FOR A SUNNY FEEL

Enjoy that cabriolet feeling on the water. The glass saloon roof and the soft top over the cockpit are all you need. Both open automatically.

## UNIQUE LOUNGE ON THE BOW

Use the large lounge on the bow to soak up the sunshine or as a seating area. In the evening, you savour a cozy atmosphere thanks to the retractable lighting.

## UNLEASH THE POWER AND MAKE EACH MILE MORE INTENSE

Life on the Sealine C430 is just as relaxing as it is exciting. The open-plan design is ideal for taking time out. But, at your command, the C430 reveals her sporty character at once. The dynamically shaped hull glides smoothly through the water, driven by powerful Volvo Penta IPS engines. Whether for slowing down or speeding up, the C430 gives you the perfect moment from the time you cast off to the time you dock.

## SEALINE C430

A total of 26 m<sup>2</sup> of glass over a length of 43 feet: impressive numbers to describe the unparalleled panoramic view. The floor-to-ceiling saloon windows guarantee breathtaking scenes from any seat. You even have a view of the blue or starry skies, especially beautiful when the sunroof is open. Spacious hull windows perfectly round out the open feeling. While your eyes wander outside, the sunshine always finds its way in.

You are closer than ever to the water with the Sealine C430. On sunny summer days, the bathing platform becomes the centre of life on board. Its large size offers you more freedom, and even space for a tender boat. With the press of a button, the platform lowers on hydraulics down to the water. At the same time, steps automatically extend out for easy access.

Enjoy a special lifestyle on board the deck thanks to the barbecue integrated into the transom. Here is where you can prepare delicious meals – while being part of the goings-on with friends in the open sun.

## TAKE A FRONT ROW SEAT TO SEE LIFE IN ALL ITS BEAUTY

The cockpit or bathing platform, or the lounge on the bow after all? On the Sealine C430, you are spoilt for choice how to spend every precious moment. The lounge on the foredeck serves as either space for sunbathing or socialising. Whichever you choose, a Bimini protects you from the heat of the day. In the evening, retractable lighting immerses the place in a magical atmosphere.

## GUIDED BY EXCELLENCE – CRAFTED BY HAND

The manufacturing quality of the C430 is a multi-sensory experience. Exquisite materials spoil the eye with every glance. A subtle scent of finest leathers blends with the pleasing feel of elegant woods. Anything you see or touch was masterfully handcrafted by superb boat builders. Enjoy an exclusive atmosphere that can only be created by the perfect match of sophisticated details.

# SEALINE C430

## OUTRUN THE ORDINARY

Outstanding boating characteristics are part of the Sealine experience. From the shape of the hull to the engines, we have pulled out all the stops to ensure the C430 gives you special moments on the water.

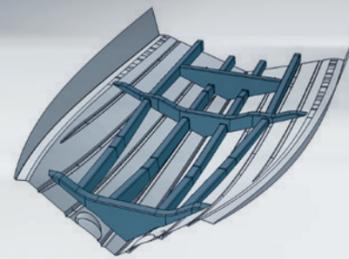

### IPS DRIVE AS STANDARD

Choose your twin Volvo Penta IPS engines: IPS400, IPS500 or IPS600. The highest-performing engines produce 870 horsepower and achieve a speed of 33 knots.

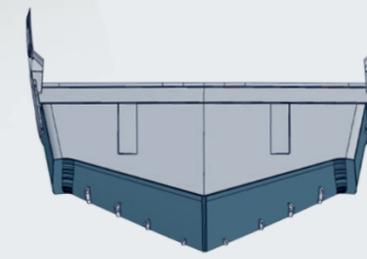

### LAMINATED POWER GRID

The hull reinforcements of the Sealine C430 are elaborately laminated – giving you the advantages of a high-strength yacht with a reduced weight.

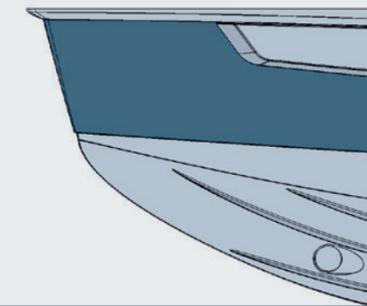

### DEEP V-SHAPED KEEL

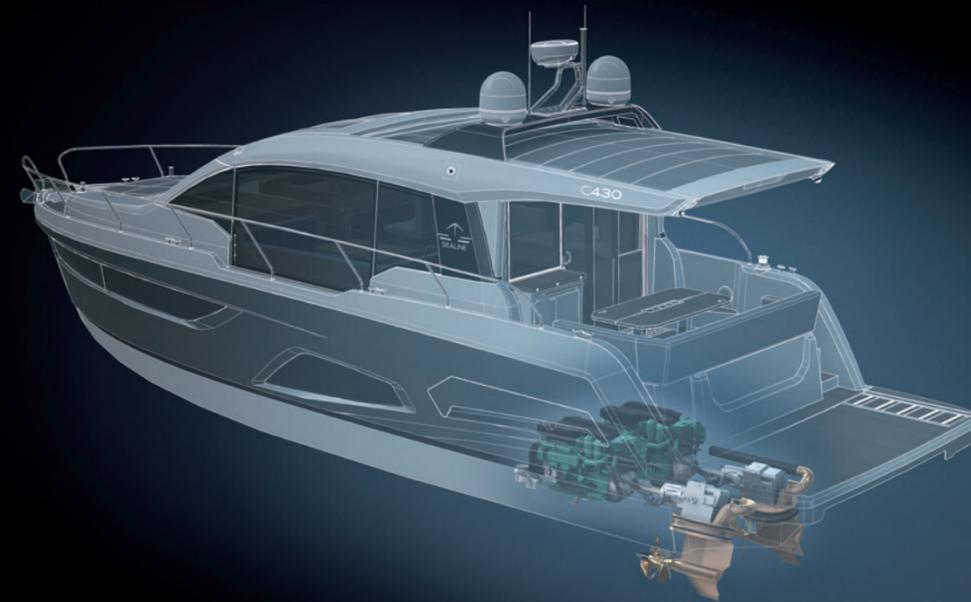

The Sealine C430 hull dips deep into the water and cuts sharp through the waves. This means the yacht is exceptionally stable in the water, and you can feel the higher boating comfort as a result.

### UPRIGHT STEM

The vertical stem, with its bottom corner, pierces through the waves elegantly. This, in turn, results in more comfort and higher boating pleasure.

### PRINCIPAL DIMENSIONS (according to ISO 8666)

LOA	13.11 m	43' 0"
Beam	4.20 m	13' 9"
Draught	1.05 m	3' 5"
